Dear Sir,

I filed for the above patent through the Law Offices of Intellectual Property Law Group. I am interested in following up with you regarding this patent. I am ready to provide any information to you that you may want. I was not sure if the Patent has been considered yet, given the large number of filings at the USPTO and I am inquiring for this reason.

I am also enclosing a video demonstration of the technology in operation to prove its viability. The video enclosed is a QuickTime Movie. It demonstrates the core claims of the patent using a popular CDMA phone made by Motorola Inc. (T720) using the BREW platform as a client. I am hoping that the invention, Virtual PalmTop, will bring better utility to a wide range of cellphone platforms world wide.

Please address correspondence to the above address.

Looking forward to hearing from you,

Sincerely,

Srinivas Bharadwaj
